

NET FOR THIEVES SPREAD IN TOWNS ALL OVER BERGEN

Representatives of Forty New Jersey Communities Meet in Ridgely Park.

CLEAN-UP WORK ALSO.

"Spotless Bergen" One of the Rallying Cries of Fighting Mayors.

Forty communities of Bergen County, N. J., represented by their Mayors, Councilmen, Police Magistrates, Records and many public spirited men and women held a meeting in the Municipal Building in Ridgely Park last night to make arrangements for the Bergen Clean-Up Festival on May 14 and 15 and for a new cooperative police system. "A spotless and thiefless Bergen" was the rallying cry.

The clean-up movement is already well under way. It was learned from many speakers. The meeting was full of enthusiasm and of the evidence of an aggressive rivalry between towns to show big results. Programmes have been arranged already for the Clean-Up Festival.

Tenants is to end its second day with a parade of firemen and boys scouts and a band concert. Tenants is drilling its school children into a big sanitary corps. The Bergen Clean-Up Festival is a big programme into the hands of its women. Three thousand nations in the laps of Fort Lee dwellers will keep the subject alive there.

The interlocking police system has been evolved by Judge Souffert, Sheriff Heath and Prosecutor Huckle and former Inspector Cornelius J. Hayes of the New York Police, who is now commissioner of public safety for Englewood.

Every one of the sixty-five communities is to have at least a policeman available by day and night and every telephone subscriber will be provided with a call card on each of these policemen.

The centre of the system will be in the Sheriff's office at Hackensack. When a householder calls his nearest policeman, the policeman will notify the Hackensack headquarters and then answer the call. Meantime the Hackensack headquarters will direct the spreading of the net beginning in the nearer communities until every policeman from Little Ferry to Ramapo's and from Ridgely to Ridgely will be on the lookout for possible fugitives. Avenues of escape will be closed.

Once a month the policemen, the Records and the Justices of the Peace will meet at Hackensack for instruction by Judge Souffert, Sheriff Heath, Prosecutor Huckle and Commissioner Hayes. One of the special duties of Commissioner Hayes will be to conduct a school of instruction for the policemen, somewhat on the lines of the school of instruction in New York.

OLD BANDMASTER DEAD.

Frederick W. Bent, well known bandmaster, died yesterday at his home, No. 256 Amsterdam Avenue. At first it was reported that death had been caused by an overdose of chloral and bromide given him medicinally, but coroner Rorden, after a lengthy examination, pronounced that death was caused by heart failure.

Mr. Bent was born in England and came to this country in 1872. In 1898 he became bandmaster for the Seventh Regiment. In 1901 he resigned this position to become bandmaster for the Old Guard. He was fifty-seven years old and is survived by his wife and three children.

SIMPLE APPLICATION
THAT DISSOLVES

BLACKHEADS

No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. To do this just get about two ounces of powdered norexin from your druggist—sprinkle a little on a hot, wet sponge—rub briskly over the blackheads for a few seconds—wash the parts and every blackhead will be gone. Pinching and squeezing out blackheads make large pores and you cannot get all of the blackheads out this way—while this simple application of powdered norexin and water dissolves every particle of them and leaves the skin and pores in their natural condition. And druggists will sell you the powdered norexin and about two ounces will be all you will ever need.—46c.

OPPOSE OUTSIDE JURY IN ROOSEVELT KILLINGS

State Counsel Argues Justice, Bergen Had Right to Impanel Men From Another County.

TRENTON, April 16.—Attorney General Robert H. McKim and Joseph E. Stricker yesterday applied to Justice Minner, Kaish and Swayze of the New Jersey Supreme Court to vacate the order of Justice Bergen relating to the strike murders in Roosevelt, Middlesex County, which called for drawing a jury from Mercer County to try the Newark deputies charged with shooting and killing strikers.

Attorney General Wesscott contended that under the Act of 1909 the Supreme Court may be held by one of its Justices, so that granting the foreign jury order by Justice Bergen was legal. He argued that the order directed that the foreign jury should be summoned "in the same manner as the general panel of jurors is selected," so does not violate the Chancellor-Sheriff Act.

Argument will be continued in the Supreme Court Branch at Jersey City Saturday at 10 A. M.

Battleship Moreno Aground. WILMINGTON, Del., April 16.—The Argentine battleship Moreno, which sailed from the Philadelphia Navy Yard yesterday for Hampton Roads, ran on a shoal near Reedy Island, in the Delaware River, last night. Tugs are standing by and an effort will be made to float her on flood tide.

New Pianos and Player-Pianos

Guaranteed by John Wanamaker

At Little More than Half Price

A straight out-and-out sale—no club plan, no puzzle schemes, no syndicated sale of nameless pianos made to sell cheaply. Just the plain offer of musical merchandise which we bought at little more than half price and which we shall sell at the same low figures.

New Pianos for as Little as \$165, \$170 and \$175

New Player-Pianos for as Little as \$355

The Henry & S. G. Lindeman

Henry & S. G. Lindeman are son and grandson of William Lindeman, one of the founders of the piano business in America, a name established and honored since 1836. Lindeman pianos were made continuously by one organization until 1900, when Henry & S. G. Lindeman set up their own establishment. In 1910 John Wanamaker took over the original company and in 1914 this company bought at public sale the name, patents, patterns and product of the Henry & S. G. Lindeman Piano Company, including sixty pianos and player-pianos in completed state and 612 that were partially finished.

The completed instruments were sold at once. The 612 we carefully finished in the Lindeman

factory on Eleventh Avenue at Forty-fifth Street, New York City, and these are the instruments which we now offer for sale simultaneously in our two stores.

We have never regularly sold new pianos for so little as \$165, nor player-pianos for so little as \$355. Worth-while instruments of reputation cannot be made to sell for so little. These instruments were made to sell for almost double the prices we ask and their duplicates have sold over the country at almost double these low figures.

It is certainly an opportunity beyond anything that any piano store has ever had the good fortune to present.

A Small Sum Down

will bring the piano or player-piano into your home at once—balance payable by the month. Name your own terms within reason.
